

March 10, 2010

Dear Boy Scouts of America,

I am impressed at what you all have just accomplished. It must be an amazing site to sit atop this beautiful mountain and know that you reached the goal that you set for yourselves. Operation On Target uses teamwork, hard work, and getting along with others to accomplish a fun and satisfying goal.

Operation On Target is celebrating its 25th anniversary this year. Many of your fathers have participated and perhaps you will participate someday with your sons as well. Twenty-five years ago I was able to help BYU win a National Championship in football. As I look back on that experience I realize that the victory was sweet because of the hard work and teamwork that went into it. The things that I remember most about that year are the friends that I made and the work that we accomplished together. I learned so much in football that I have been able to use to complete other goals in my life.

Remember that every worthwhile thing is worth working hard for. The relationships that you have with your leaders and the other scouts will help you achieve many things in your life. Today you have climbed a mountain- just think what the future holds. The Boy Scouts of America is a program that will help you to develop the work ethic that you need to be successful.

Good luck with all your future endeavors and work hard in all you do.

God Bless You,

Robbie Bosco
